

Position: CPT Operator/SME

Internal Position: CPT Operator

Position #A10104

Atlantic CommTech Corporation (ACT-Corp), a Woman Owned Small Business has an opening for a full time CPT Operators/SMEs to join our growing company for opportunities at Scott AFB, IL.

SPECIFIC DUTIES AND RESPONSIBILITIES:

Qualified personnel will serve in dual capacities as Air Force Cyber Protection Team (CPT) Operators and Subject Matter Experts (SMEs) as part of the Air Force's CPT organizations at Scott AFB, IL. CPT Operators and SMEs will serve as Cybersecurity, Network Infrastructure and Systems Architecture experts in conducting global cyberspace operations to deter, disrupt, and defeat adversary cyberspace operations in order to defend U.S., DoD, and Air Force critical infrastructure and key resources. In the Operator role, qualified personnel will serve on CPT Squads in providing expertise in collecting, analyzing, and assessing network and systems cybersecurity posture and providing DoD and AF leadership with risk mitigation strategies and defense plans to protect and defend vital missions. As SMEs, qualified personnel will serve as technical experts in managing CPT training and testing environments, developing and maintaining CPT tools and techniques, conducting standardized training, and providing critical analyses and best practice support for evolving CPT mission needs. Qualified personnel will have experience and expertise in security best practices, vulnerability analysis, network defense tactics and techniques, and network and application performance resolution
