

Technical Security Specialist Installation Technician (TSS)

We are currently seeking qualified security installation technicians for performing technical security system design, installation and maintenance worldwide. International travel is REQUIRED

Candidates are required to have a minimum of a high school diploma or possess a diploma from a technical or vocational school or have acquired equivalent military training. The individual shall have at least three current years of relevant experience in technical security systems. The individual shall possess the ability to test and troubleshoot TSS equipment, read schematics and maintenance manuals, solder and unsolder components, research parts availability and costs.

Specific capability requirements:

- Reading, interpreting, and drawing electrical, electronic, and electromechanical schematics.
- Reading and interpreting building plans (blueprints).
- AC power distribution systems, motor-generators.
- Motors, motor controls, disconnects, relays.
- Low voltage DC electronic systems / electromechanical systems.
- Heating, ventilation, and air conditioning systems.
- Use, repair, and/or calibration of electronic test equipment – meters, oscilloscopes.
- Bench repair of electronic, electrical, and electromechanical equipment to component level.
- Mechanical and electromechanical locking systems – electronic strikes, locks.
- Pedestrian and vehicular access control systems – door controls, vehicle barriers/arrest.
- Closed-circuit television systems (CCTV) systems – monitors, cameras, switchers
- Metal detectors – hand held, walk through.
- Radio communications systems, voice and digital communications networks.
- Intrusion Detection Systems – alarms, detectors, sensors.
- Public Address Systems – emergency notification systems, intercoms.

Worldwide travel is required for this position. An active or re-instateable DoD SECRET security clearance or the ability to obtain one is a job requirement. A TOP SECRET clearance is a plus.

Interested candidates should email resumes to jobs@act-corp.com.
